## AIR

### HOT AIR BALLOON OVER THE DOLOMITES

A hot air balloon flight offers an entirely new perspective of the Dolomites. The gentle lift from the ground, the suspended silence and the morning light reveal forests, valleys and dramatic rock faces from an entirely new perspective. The experience begins in the early hours of the morning with a transfer to the launch area, followed by a technical briefing and a flight lasting approximately one hour. After landing, guests will begin the return journey and take part in the traditional ballooning ceremony. The flight path depends on the wind, making every journey unique.
